CENTER

FOUNDATION

DONATION FORM

Waverly Health Center (WHC) is a place where unwavering commitment to quality care, people, partnerships and operational efficiency converge to preserve and enhance the health and well-being of our community. It is a place where mission and values combine to provide hope and healing for our family, friends and neighbors.

With that commitment comes responsibility. Together, we must ensure access to the best proven medical technology. We also must work to ensure skilled and compassionate caregivers will always be here for those in need.

The WHC Foundation, with the support our community, provides financial support to the health center to assist in providing high quality, person-centered health care.

Annual donations to the Foundation have a powerful and lasting impact on our region today and for generations to come. Contributions are utilized to enhance the quality of care, programming and acquire new medical equipment. Please join us in investing in our people and the tools they need to deliver high quality care and innovative services to the region for years to come.
