MARCH 2026

NOTES FROM MELINDA

I'm so excited to be back! After some time away for surgery, I'm feeling energized, grateful and ready to jump back into everything that makes WHC such a special place. Thank you to everyone who reached out, checked in, or helped keep things running smoothly — your support truly means the world to me.

With spring just around the corner, there's so much to look forward to. I'm especially thrilled to be here as we celebrate the WHC Auxiliary's 65th anniversary — such an incredible milestone for a group that has given so much to our patients, families and community. What an honor to celebrate this legacy together!

Here's to renewal, teamwork and a wonderful season ahead. I'm so happy to be back and can't wait for everything coming our way this spring at WHC!

Fun Facts for March

👉 March is a month of renewal

The name March comes from Mars, the Roman god of spring and growth — not just war. It marks the beginning of the planting season.

👉 March has its own flower

The March birth flower is the daffodil, symbolizing hope, new beginnings and resilience.

👉 St. Patrick's Day wasn't always green

Blue was actually the original color associated with St. Patrick. Green became popular later because of Ireland's nickname, "The Emerald Isle."

👉 Many migratory birds return in March

March marks the beginning of spring migration. Robins, red-winged blackbirds and sandhill cranes are often among the first to appear.

👉 March 1 is World Compliment Day

👉 Daylight Saving Time begins March 8th

More daylight = more energy

👉 March 20 is the Spring Equinox

It's one of only two days each year when day and night are almost exactly the same length.

WHC Auxiliary 65 years

Waverly Health Center (WHC) Auxiliary is celebrating 65 years of service to the hospital and its surrounding communities.

Established in March 1961 with 41 charter members, the Auxiliary has grown into a key partner in advancing patient care, supporting health care education and strengthening WHC through volunteerism and philanthropy.

Volunteerism remains central to the Auxiliary's mission. WHC volunteer services now includes 112 active on-site volunteers, approximately 40 Wartburg College volunteers annually and 37 off-site volunteers who create baby caps, blankets and other comfort items. In fiscal year 2024, volunteers contributed 14,983 hours across 18 service areas. All volunteers are automatically Auxiliary members and support the mission of connecting Waverly Health Center to the community through volunteer service in order to provide high-quality, person-centered health care.

The Auxiliary has donated more than \$425,000 to support hospital growth and modernization. This includes \$65,000 to the Beyond the Building campaign, which expanded the Emergency Department, Specialty Clinics and improved the Green Entrance. Additional recent gifts include \$26,400 for three power stair chairs for the ambulances, \$10,000 to the pediatric therapy campaign and \$10,000 to the WHC Foundation to purchase an MRI breast coil for enhanced breast imaging.

The Auxiliary invests in future health care professionals. It has awarded \$226,650 in scholarships since 2001 to area students pursuing medical and health-related careers.

To celebrate its 65th anniversary, the Auxiliary invites the community to visit the WHC Gift Garden during the month of March to enter special door prize drawings and receive free post it notes.
