

Waverly Health Center Volunteer Services

NEWSLETTER
OCTOBER 2026

NOTE FROM Melinda

A big change is coming to Waverly Health Center!

Beginning October 3, 2026, Waverly Health Center will transition to Epic MyChart as part of our new electronic medical record system.

MyChart will give you secure online access to your health information and make it easier to manage your care. You will be able to:

- Manage your health information anywhere
- See billing details
- Send messages to your providers and care team

Thank you for your patience as we launch Epic MyChart this fall. This change is an important step toward making care easier, more connected and more convenient for our WHC patients and families.

Our Community Relations team will have information available for our patients and visitors in a variety of ways, including a link on our website under Patients/Visitors and brochures.

During the month of October, we will have a WHC volunteer at the Green Entrance to help patients with information and resources.

Epic vs. MyChart
What's the Difference?

Epic
The system your care team will use.

Epic will be WHC's new electronic health record system. It helps your care team securely manage your health information and coordinate your care.

MyChart
The tool YOU will use.

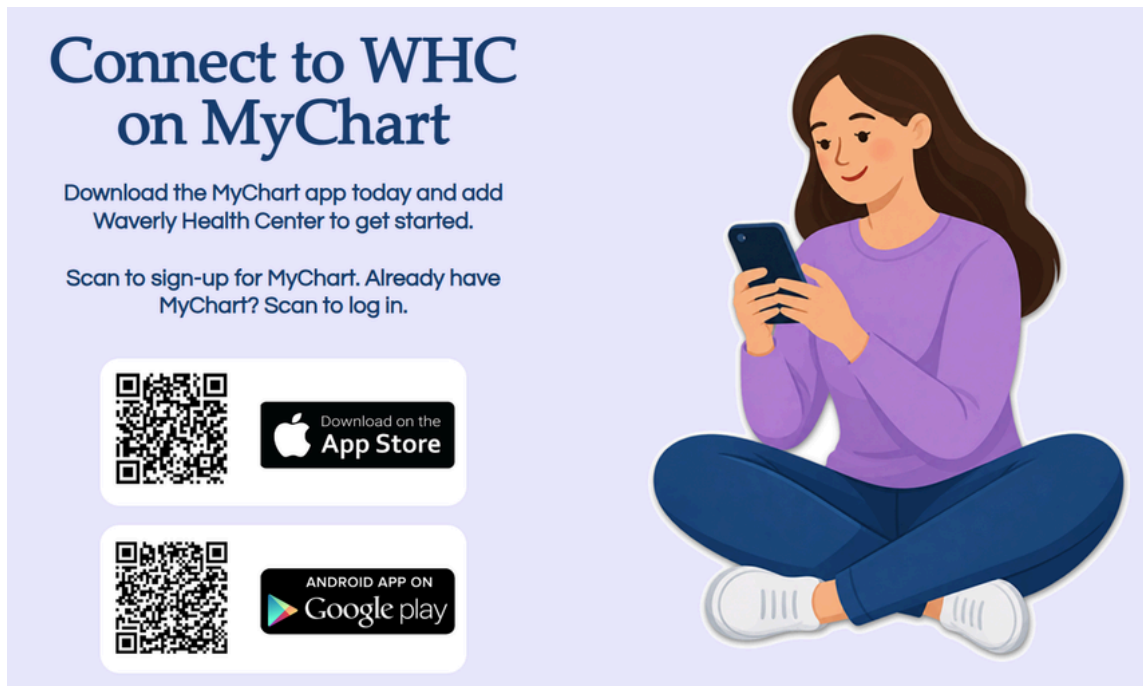

MyChart is the secure patient portal that will connect you to your health information in Epic. With MyChart you will be able to:

- Schedule and manage appointments
- Message your care team
- View test results
- Refill medications
- View and pay your bills

VOLUNTEERS NEEDED

New Volunteer Opportunity: MyChart

Looking for a new way to help our patients? Volunteers are needed at the Green Entrance to help patients enroll in and access MyChart.

Monday – Friday during October

7:30 a.m. – 4:30 p.m. | 3-hour shifts

Please let me know if you are interested in helping!

Staying Healthy This Fall

As we head into fall and respiratory illness season, please remember to take care of yourself while helping care for our patients and visitors.

A few simple reminders can make a difference:

- Wash your hands often and use good hand hygiene.
- Stay home when you are sick, especially if you have symptoms of a respiratory illness.
- Cover coughs and sneezes and be mindful of those around you.
- Keep frequently touched areas clean.
- Take care of yourself! Getting enough rest, staying active, eating well and making time to recharge are important for your overall well-being.

As WHC volunteers, you spend time with many different patients, visitors and staff members. Taking care of yourself helps you be at your best when you are here volunteering.

Thank you for all you do for WHC! ❤️
